Mennonite Connections & Beyond

Sanctuary Mental Health Ministries

One month ago, our national partnership between the [Flourishing Congregations Institute](#) and [Sanctuary Mental Health Ministries](#) reached out with an invitation to complete a short ten-to-fifteen minute survey that explores the experiences of Canadian congregants living with mental illness or mental health challenges, attitudes towards and beliefs about mental illness and mental health challenges in Canadian Christian churches, and the congregational supports and resources related to supporting mental health and wellbeing.

We are so thankful for the approximately 600 people who have already completed the survey. If you are interested in sharing your perspective, the survey will be open until March 15. If you attend or lead a Christian church in Canada, click here (<https://www.flourishingcongregations.org/smhm-survey>) to complete this short survey and help us better understand mental health in Canadian congregations. Participation is completely voluntary and your confidentiality will be maintained.

Next, stay tuned on our websites and social media outlets for the study report.

Have questions about this survey?
